Composite Decking Warranty

Introduction:

Paving Stones Direct is dedicated to providing quality composite decking products to our customers. We stand by the durability and reliability of our products, and as such, we offer a warranty to ensure your peace of mind.

Warranty Length:

- 10 years for standard (hollow) models
- 15 years for solid models

***Models defined on product specifications**

Paving Stones Direct, as the supplier, will replace any composite product used in the proper application if it experiences issues like flaking, corrosion, or structural deterioration due to rotting, splitting, warping, checks, or damage caused by termites or fungal decay.

This replacement coverage is valid within 10-15 years (10 years for standard (hollow) models, 15 years for solid models) from the purchase date. Please note that this warranty does not cover installation costs, debris/waste removal, re-installation, colour variations, or fading. Paving Stones Direct's sole obligation is limited to replacing Composite Decking, and we hold no further obligation or liability beyond what is stated herein.

Exclusions:

This warranty provided by Paving Stones Direct does not apply to any Composite Decking that:

- Is damaged due to natural disasters, force majeure or acts of war.
- Suffers damage during transportation or due to operational causes.
- Has not been installed in accordance with provided installation guidelines, local building codes, and deed-restricted community rules and regulations.
- Has been used, altered, or treated in a manner not intended by Paving Stones Direct.
- Displays normal wear and tear that doesn't significantly affect the use of the product, such as minor colour variations, fading, and minor cracking or warping resulting from long-term use.

Failure to adhere to the provided product restrictions or comply with local building codes and regulations will result in the nullification of the warranty. Paving Stones Direct reserves the right to inspect materials and investigate claims.

All construction involving Composite Decking must adhere to local zoning and building codes.

Transferability:

This warranty is provided exclusively to the original purchaser of the Composite Decking from Paving Stones Direct. Should the homeowner sell their property, the warranty is non-transferable and will not be valid for the new owner unless explicitly stated otherwise in writing by Paving Stones Direct.

Maintenance Requirements:

To ensure the longevity and optimal performance of the Composite Decking, regular maintenance as recommended by Paving Stones Direct is essential. This warranty remains valid only if the decking has been properly maintained in accordance with our provided guidelines. Failure to adhere to these maintenance recommendations may result in the nullification of the warranty. Detailed maintenance instructions can be found in the product manual or on our official website.

Limitation Period:

Any legal action brought against Paving Stones Direct concerning this warranty or the products covered by this warranty must be commenced within one year of the cause of action arising. Any claims or actions initiated after this period will not be entertained or recognized by Paving Stones Direct.

Governing Law:

This warranty shall be governed by and construed in accordance with the laws of the United Kingdom. Any disputes arising out of or in connection with this warranty shall be subject to the jurisdiction of the courts of the United Kingdom.

Claim:

To obtain a refund or replacement, the original owner must submit their claim along with the warranty certificate, the original purchase invoice indicating the purchase date, and images of the defective products. Claims must be submitted within 30 days of noticing the defect.
